Want to win a **$100 Best Buy gift card?**
Are you an undergraduate Computer Science student who knows **Python**?

If so, **I need you!**

Subjects are needed to take part in a study concerning peer evaluation and grading. Participants will be asked to complete small, fun programming exercises, and peer grade other submissions. Time needed for the study is approximately 1.5hrs and takes place in person in the Bahen Center at the University of Toronto.

Subjects should be undergraduate computer science students with at least 4 months of programming experience in Python. Participants should be fluent/conversant in English.

Participants who complete the study will be entered into a draw for a $100 Best Buy gift card. Odds of winning are approximately 1 in 40.
